PROFILE

Highly motivated and proactive developer currently working at Wipro as a Developer. Skilled in application development, database management, and problem-solving, with a strong desire to learn, adapt, and grow. Committed to delivering excellence through continuous improvement, while confidently handling challenges with a positive, solution-oriented, and collaborative approach, leveraging modern technologies and best practices to achieve impactful results.

PROFESSIONAL EXPERIENCE

Database System Administrator, Wipro | Indian Air Force – Rafale AMC Project   Jun 2025 – Present
                                                                                                    Delhi, India
- Manage production and DR/DC servers with HADR replication and administer DB2 databases for optimal performance and recovery.
- Support deployments and maintain AIX environments with automated Shell scripting to enhance efficiency and reduce downtime.

Developer Intern, Salesforce   May 2023 – Jul 2023
- Developed Apex code to extend Salesforce functionality and customize platform behavior.
- Implemented business logic, performed complex calculations, and integrated with Salesforce data and processes.

SKILLS

Java — Object-Oriented Programming | Exception Handling | Collections | Multithreading | Interfaces

Swift — Variables and Constants | Optionals | Structs and Classes

Kotlin — Null Safety | Control Flow | Variables and Data Types

Python — Libraries | Control Structures | Functions | Exception Handling | Data Structures & Algorithms

Databasess — SQL | MySQL | DB2 | HADR Replication | Backup & Recovery

Tools & Environment — Android Studio | Xcode | Eclipse

Soft Skill — Analytical skill | Logical reasoning | communication skills

PROJECTS

Smart Recipe Manager, [SwiftUI, Core Data, MVVM Architecture, Xcode]   May 2025
- Built a SwiftUI-based iOS app to manage recipes with Core Data storage and a clean, responsive UI.
- Applied MVVM architecture with reusable views and dynamic recipe details.

Fitness Tracker App, [Java, Android, SensorManager]   Apr 2025
- Developed a fitness tracking app with simulated step counting and interactive progress charts.
- Utilized SensorManager, SQLite, and SharedPreferences for real-time tracking and local data storage.

CERTIFICATES

PCAP: Programming Essentials in Python 🔗 — Issued by Cisco

AWS Academy Graduate - 🔗 — AWS Academy Cloud Foundations

Cybersecurity Essentials 🔗 — Issued by Cisco

COURSES

Artificial Intelligence, Teachnook
Natural language processing, data analysis, Types of AI Models, Modern Use of AI.

EDUCATION

Kalinga Institute of Industrial Technology (KIIT), B.Tech. in Information Technology   Sep 2020 – Sep 2024
- CGPA - 8.83   Bhubaneshwar, Odisha

Tamluk Hamilton High School, Intermediate with PCM   Jul 2019 – Jul 2020
- WBCHSE - 81%   Tamluk, West Bengal

Vivekananda Mission Asram Sikshayatan, Matriculation with Science   Apr 2017 – Apr 2018
- WBBSE - 92%   Haldia, West Bengal
